Dear Roger,

Re: Pacific Sport Institute

Athletics Canada is pleased to provide a letter of support for the opening of the Pacific Sport Institute (PSI) at Camosun College.

Facilities are an important step in the development of athletes and having sport education and athlete development under one roof is inspiring. We recognize the commitment that Camosun College is taking to advance the interests of all levels of sport by partnering with Pacific Sport Victoria to create the Pacific Sport Institute.

The more multi-sport complexes we have nationally increases the potential for success in all sports.

Yours truly,
